

ZenConnect — UI/UX Design Specification

1. Brand & Experience

Calm, clinical trust. Audit-ready. Helpful and precise. Prioritizes clarity, low cognitive load, and instant feedback.

2. Color Palette

Token	Hex	Use
Primary 600	#1E5BD8	Primary actions, links
Primary 700	#1848AE	Primary hover
Primary 50	#EEF4FF	Backgrounds, focus rings
Accent 600	#0FA7A7	Secondary CTA, chips
Neutral 900	#0F172A	Main text
Neutral 700	#334155	Secondary text
Neutral 500	#64748B	Borders, tertiary text
Neutral 200	#E2E8F0	Dividers, table borders
Neutral 50	#F8FAFC	Background

3. Typography

- Headings: Semi-bold, 20 – 32px
- Body: 16px regular, line-height 1.55
- Secondary text: 14px, neutral color
- Tables: 14px cells, monospace for codes

4. Layout & Spacing

Grid: 12-column, 24px gutters desktop; 6-column mobile.

Page padding: 24px desktop, 16px mobile.

Card padding: 16 – 20px.

Spacing: 24 – 32px between blocks.

5. Component Styling

- Buttons: Primary (blue), Secondary (neutral), Destructive (red)
- Inputs: 40px tall, subtle borders
- Cards: White background, shadow, rounded corners
- Tables: Sticky headers, hover states
- Badges: Medical (blue), Wellness (green), Unknown (amber)
- Toasts: Accent bar by status
- Modals: 520px, rounded, drop shadow

6. Accessibility

All text meets WCAG AA contrast.

Keyboard navigable, focus-visible rings, ARIA-live for toasts.

All modals trap focus.
